- Soft and flexible transfers
- Excellent washing performance with improved colour & print longevity
- Increased resistance against abrasion
- To be used in conjunction with our Xpres DTF Evolution Hot Peel Film XP7380 & XP7381

IMPORTANT

Store in a cool & dry place (humidity 30-60%)

Once opened the bag should be sealed between uses

2-year shelf life (unopened)

1-year shelf life (opened)

Hotmelt powder should NOT be applied near printing equipment. Application near print equipment increases the risk of printer damage which may not be covered under your warranty.

We cannot offer technical support or guarantee compatibility when using Xpres DTF Evolution Film or Hotmelt Powder with other manufacturer's machines or ink types.

Pretesting every application is recommended. Variables such as room temperature, humidity, size of design, garment type & ink load can affect print results. Adjustments to curing times, pressing times/temperatures may be required to achieve the best results.

WARNING

Do not eat

Keep out of reach of children

Avoid contact with eyes and skin

Use in a well-ventilated area

Always use protective mask, gloves and eyewear when working with DTF hotmelt powder.

Keep out of direct sunlight
